

**Rules For The Plains Community League  
Internet Cafe**

- 1) Respect each other --**No derogatory comments**—about the other students, the tutors, your teachers or yourself. If you can't say something good about someone, don't say anything at all.
  
- 2) Respect the tutors— when one of the tutors ask you to do something, no back talk, just do it. Whether you're asked to sit down, to get out your work, or change your seat, just do it! What we ask is usually for your best interest; we are all here to help you.
  
- 3) You need to bring **sufficient work** with you for the time you are at Internet Cafe---homework, study materials, plus a reading book if you should get done early.
  
- 4) Use your own laptop and headphones/earbuds.
  
- 5) Please clean up after yourself—we have many different groups using this building, so we appreciate your help in keeping the litter down.
  
- 6) The only phone calls allowed will be to parents/guardians
  
- 7) No cell phones or game boys are to be used during Internet Cafe. Please keep them in your bookbags or purses.
  
- 8) No eating inside the Community House. Please bring your own water bottle which can be refilled.

If you consistently violate any of these rules, and are uncooperative, you may be asked not to come back. While we don't like having to ask anyone to leave, we can't let a few ruin it for the rest.

I have read and understand the above rules and will adhere to them.
